Faculty of Medicine and Dentistry (formerly Barts and The London School of Medicine and
Dentistry), Queen Mary University of London (from 21.6.10):
Dean for Education
Professor of Renal and Transplantation Medicine
Founding Chair/Chief Executive, Queen Mary University of London (Malta)

Barts Health NHS Trust (formerly Barts and The London NHS Trust) (from 21.6.10):
Honorary Consultant Physician in Renal Medicine

GMC Registration Number: 2950066

MEDICO-LEGAL EXPERIENCE

For approximately 20 years, I have been providing opinions on the instructions of a number of firms of solicitors on medical problems, usually in the context of kidney disease or arising as a result of kidney transplantation or immunosuppressive medication. About 75% this work has been instructed by solicitors acting for claimants or potential claimants. I have provided reports, including condition and prognosis reports, on the basis of reviewing medical records and/or assessing the claimants themselves. I have commented on or interpreted the reports of other doctors. I have participated in many cases conferences with counsel and occasionally appeared in court.

My clinical experience as a consultant, and thus my competence, encompasses all aspects of renal medicine, renal transplantation and immunosuppression.

SELECTED SIGNIFICANT EXTERNAL ACTIVITIES

International, National and Regional Transplantation and Nephrology Activities

British Transplantation Society, President (2013-15), Vice-President (2011-13), Treasurer (2006-11), Council Member (2002-5)
