| PRESENT POST   | Consultant Physician (Respiratory and GIM)<br>Russells Hall Hospital, Dudley, DY1 2HQ, UK |  |           |

I have been working as a Consultant for the last 15 years in a large busy DGH, affiliated to the University of Birmingham. I have experience in dealing with a very wide range of respiratory conditions. I am on call for respiratory admissions every 5<sup>th</sup> day.

I support Lung Cancer, COPD Early Discharge, NIV and Medical High Dependency Unit services.

As lead for our Pleural Disease service I run a Pleural clinic. I regularly perform medical thoracoscopies and indwelling pleural catheter insertion.

I am the lead for Respiratory Audit and Oxygen services and chair the Mortality and Morbidity meetings. I set up our EBUS service.

I was a member of the BTS Interventional Procedures Specialist Advisory Group from December 2015 to March 2017.

I regularly teach and examine Birmingham medical students.
