Current Position: Consultant Ophthalmologist

The Royal United Hospital, Combe Park, Bath BA1 3NG

Special interests: Cataract surgery
Lens Implant Surgery with multifocal and trifocal lenses External eye disease and Corneal disease
Paediatric ophthalmology

I have extensive experience in managing complex cataract surgery and complications thereof. I have a wide-ranging experience in Refractive surgery and have performed in the past most refractive surgical procedures including Lasik and Lens Replacement Surgery (Clear Lens Extraction).

I have run the Paediatric Ophthalmology service at the RUH for the last 30 years. I regularly see all manner of Paediatric Ophthalmological issues, including children with birth injury and those with suspected Non-Accidental Injury (NAI) – sometimes termed Abusive Head Trauma.

Memberships and Affiliations

External clinical adviser to the Health Service Ombudsman and the Healthcare Commission

External clinical advice team member (ECAT) Royal college of Ophthalmologists and the Royal College of Surgeons

South Western Ophthalmological Society (Immediate past president)

Medico-legal work

I have been actively engaged in medico-legal and clinical negligence work throughout most of my Consultant career, starting in 1995.

I am happy to provide expert opinion in most aspects of Ophthalmic Surgery but do have a special interest and expertise in Corneal and External eye disease, Cataract surgery and its complications, Paediatric Ophthalmology (including birth injury and Non-Accidental Injury) and Refractive surgery including Laser vision correction.

I have experience of giving expert evidence in Court including cross examination and have attended trial 3 times (once in Crown Court).

I currently provide approximately two reports every month.

Report ratio: 80% Claimant 15% Defendant 5% Joint

I hold the Cardiff University Law School Bond Solon Expert Witness Certificate and undertake regular CPD in Medicolegal matters.

I am a member of the Expert Witness Institute.

I am fully GDPR compliant and registered as a Data Controller with the ICO.

Average waiting time for a report from instruction: 4 weeks.
