Knowles CH..... Crompton T et al. GUT 2004; 53: 1583-1589

MEDICOLEGAL

I have experience with preparing clinical negligence and medical reports for a wide range of medico-legal.

I can write medico-legal reports for all children's orthopaedic conditions, including trauma. I can also produce expert witness reports for clinical negligence, breach of duty, liability, and causation for children's orthopaedics, whether elective or trauma.

I complete approximately 75 reports per annum.
