Email: Vikki.Hibbert@HCAHealthcare.co.uk

PROFESSIONAL PRACTICE

I am a Consultant Trauma and Orthopaedic Surgeon working in a Major Trauma Centre that receives tertiary referrals for civilian and military patients. My clinical practice involves both upper and lower limb surgery managing complex trauma, malunions, nonunions, infection and metastatic bone disease. My elective practice focusses on hand and wrist pathology and upper limb conditions. I have two fellowships in Hand Surgery, and Lower Limb Complex Trauma Reconstruction. I have a Masters Degree with merit in Hand Surgery and have passed the Cardiff University Bond Solon (CUBS) Expert Witness Certificate. I have been the QE hospital T&O department Clinical Service Lead and am a core member of the Metalwork Review Group discussing complex cases that potentially need corrective revision surgery.
